## **SCOUTING ADVENTURE VIDEO WINS NATIONAL AWARD**

RAMSEY, INDIANA April 2, 2009 - Ramsey Popcorn Co., Inc. is pleased to announce that their “Fund Your Scouting Adventure” training video has been honored with a national film and video production award, The 2008 Aegis Award. The video was produced by Majestic Eagle Productions, LLC of Louisville, KY. Over 40 Scouts and leaders from the Lincoln Heritage Council, Boy Scouts of America participated in the video, making it truly a collaborative achievement.

The Aegis Awards are the video industry’s premier competition for peer recognition of outstanding video production. “Fund Your Scouting Adventure” was recognized for its outstanding quality in the category of “Training/Education” videos by a distinguished panel of judges representing industry professionals from around the country. The judges render a decision based on categories such as content structure, holding the viewer's interest, professional techniques and high production values.

“It’s thrilling to be recognized with this prestigious award,” said Tammy Wells, Owner of Majestic Eagle Productions, LLC. “Our team works hard to produce excellence for our clients.

It's gratifying to be awarded this honor, especially when the competition is so tough. This production required the dedicated efforts of many Scouts and they are very proud of being part of this very prestigious recognition."

Ramsey Popcorn Co., Inc. commissioned the video as a training tool to assist Scouting organizations across the U.S. in promoting and marketing their popcorn fundraising program. Ramsey Popcorn manufactures the CAMP MASTERS Popcorn brand exclusively for the Boy Scouts.

The training video included performances by Cub Scouts, Boy Scouts, Explorers and Venture Crew Members participating in many Scouting adventures such as scuba diving, rappelling and shotgun shooting. "It is indeed an excellent video and an important tool for Scouting", said Wilfred E. Sieg, Jr., President of Ramsey Popcorn Co., Inc. "We know it has been well received by the BSA Councils we are working with and expect it to be an effective tool in promoting our program as well as Scouting in general."

For more information on Scouting, you can contact the Lincoln Heritage Council at (502) 361-2624, or visit the National Boy Scouts of America at [www.scouting.org](http://www.scouting.org).
